

SHOWER CUBE

The Alu-Cab Shower Cube is a modular and universal accessory, designed to interface with all existing Alu-Cab base unit platforms. There are brackets available separately for: Generation 3 Tent, the Canopy Camper, the Khaya, Icarus & Hercules as well as most popular roof racks. There is also a universal fitment kit.

The shower cube can be used as a shower or simply as a privacy cube. Being very quick to open, the shower cube is a quick change or shower just minutes away.

The main box once open, acts as a shelf, allowing you to place your shower necessities inside.

FEATURES:

- Light-weight aluminium construction
- Easy to open and close
- Arms lock into place, ensuring the cubicle is secure
- Quick drying taffeta shower curtain, weighted at the bottom to retain shape
- Heavy duty zipped storage bag
- Double access point (two zips) – Enables one to mount to LH or RH side of your vehicle.
- Adjustable tent peg straps, to accommodate vehicles with differing ride heights.
